"WORLD WAR WILL CONTINUE FOR ANOTHER YEAR"

FORECAST BY OFFICERS
ON THE BATTLE FRONT
MATTER OF MATHEMATICAL CALCULATION

German Line is Still Practically Unbroken, and the Oncoming of Winter Will Impede Operations by the Allies on the Offensive.

(Copyright, 1916, by The A. P.)

BRITISH FRONT IN FRANCE, Oct. 19.—The war will last another year, according to the consensus of opinion among British soldiers and their leaders. It is also the opinion of the Germans, if the views of prisoners count for anything. Before the grand offensive started a high authority informed the correspondent of the Associated Press that the German line would not be broken this summer, slow operations nearing the downfall of the Germans would be inaugurated, probably lasting another summer. With the approach of winter, which will make military operations difficult, an officer recalled the prediction and, speaking of the situation, he said: "We know what the German resources were and what ours were, and the time required to force a decisive victory for our arms is a matter of calculation."

German prisoners invariably spoke of peace as being certain before autumn. They regarded the Somme thrust as a final effort of the allies.

for a decision and after it peace would be made. Their tone has been entirely different lately. They recognize it is a fight to the finish between a one man power and the resources of two foes, and the ultimate decision will come from the fearful attrition on the western front which will know no intermission until the end.

Village Captured

(By Associated Press.)
PARIS (official), Oct. 19.—The Serbians have captured the village of Brod, on the western end of the Macedonian front.

Desperate Fighting

(By Associated Press.)
BERLIN (official), Oct. 19.—Desperate fighting occurred on the Somme front in an effort to pierce the German line on the Lesars Morval sector. The attacks are said to have failed partially under German fire. The German positions were

(Continued on page four)

SUBMARINE BREMAN
CONCEDED TO BE LOST

(By Associated Press.)
WASHINGTON, Oct. 19.—The loss of the German submarine merchantman Bremen is virtually conceded by ranking Teutonic diplomats in a position to be familiar with the movements of the vessel. She is a month overdue.

It was admitted by German officials not only in this country but in Berlin that there is no information as to the fate of the Bremen. All they know is that she departed for America from Bremenhaven and should have arrived soon after mid-September. It is regarded doubtful if accurate information concerning her fate will be available until the close of the war, if then. Her disappearance will not cause abandonment of the project to send merchant submarines regularly from Germany to the United States, it is said.

SERVICE IS WHAT BONANZA
PROVIDES FOR ITS PATRONS

In the general run of editions of the Tonopah Bonanza, of which yesterday's issue was a fair example, there were forty-nine Associated Press telegrams, all actual news from home and abroad, particularly reviewing the world war situation from every angle. These telegrams made in the paper exactly 851 lines. Averaging at six words to the line, this was a total of 5106 words, and this exclusive of headlines.

This is far and away the best telegraphic service that the people of Tonopah have ever enjoyed. It costs money, more than you might imagine, to secure this service. Telegraphic tolls are high out on the desert, but the Bonanza recognizes the fact that nothing is too good for its readers and patrons. The Associated Press has access to all the sources of news in the world, from many of which the so-called International News service and other associations are barred. This is because the Associated Press publishes its news uncolored and neutrally. Its correspondents are welcomed to throne rooms and on battle fronts.

Another feature of the Associated Press service is that it furnishes today's news today, not refashioning it for tomorrow morning. Its evening service is its best, because, when the difference in time is considered, it will be found that there are no sources of information open after 4 p. m. coast time. Europe is thereafter wrapped in slumber.

And, by the way, in yesterday's Bonanza there were nine subjects treated editorially and the local items numbered thirty-six. If this isn't service, the Bonanza would like to have suggestions made as to how it might be improved.

EARTH ROCKS AND HURRICANE HOWLS

GREAT STORM AND QUAKE
VISIT SOUTHERN STATES

Wind Reaches a Velocity of One Hundred and Fourteen Miles an Hour, and Does Great Damage to Shipping

(By Associated Press.)

ATLANTA, Ga., Oct. 19.—The south was rocked by earthquakes and swept by storms at the same time yesterday. While a tropical hurricane was faying the gulf coast, earth tremors overturned chimneys and frightened many people from their homes in Georgia, Alabama and Tennessee.

The earthquake did little damage, but a wind that reached a velocity of 114 miles an hour lifted roofs from houses at Pensacola, Fla., and sank a number of vessels in the harbor. One life was lost.

Mobile reported that it had been touched more lightly, although the wind blew 110 miles an hour. Two small buildings were destroyed and a negro woman was killed by a live wire. Shipping at Mobile had been warned and apparently suffered little harm. Two river steamers were sunk, a schooner and a steamer were driven ashore and small boats were lost.

The earth shocks were felt shortly after 4 o'clock and were severest in Montgomery and Birmingham, Ala.

bama, where swaying office buildings were emptied within a few minutes. In these towns chimneys were destroyed and articles were hurled from shelves in residences and shops. Elsewhere no damage was reported.

The earthquake was felt as far north as Louisville, Ky., and east of Augusta, Ga. Its duration was about three minutes, and there were two shocks.

Vessels Sunk in Harbor

(By Associated Press.)
PENSACOLA, Fla., Oct. 19.—Several vessels in the harbor here were sunk, numerous small craft suffered damage and one life was lost in the terrific tropical hurricane that swept through here yesterday. At one time the wind reached a velocity of 114 miles an hour. Property damage in Pensacola itself was confined chiefly to roofs blown off and plate glass windows destroyed.

The navy aeronautic station near here escaped with comparatively little damage. The newly completed

CUNARD SHIP SUNK IN ENGLISH CHANNEL

(By Associated Press.)

NEW YORK, Oct. 19.—The Cunard liner Alaunia was sunk by a mine in the English channel between Falmouth and London, according to cable advices to that line.

The Alaunia sailed from here October 7 with 243 passengers and 250 crew. The company believes all the

passengers were landed at Falmouth, as is the usual custom. Captain Bealson and some of the crew were saved, the message said. Part of the crew are missing.

The Alaunia called at Falmouth Tuesday and was on its way toward London this morning when it struck the mine.

ADVENTURE OF U-53
NOT TO BE REPEATED

(By Associated Press.)

EDINBURGH, Oct. 19.—The Daily Scotsman, in an editorial on Viscount Grey's statement in the house of lords regarding the operations of German submarines off the American coast, contends that Germany will not be able to repeat the U-53 adventure without challenging the Washington government to do its worst.

The United States, says the newspaper, is bound to notify Berlin that another U-boat in American waters will mean a rupture.

SANGUINARY BATTLE
IS NOW IN PROGRESS

(By Associated Press.)

LONDON, Oct. 19.—"A sanguinary frontal battle is progressing three miles north of the Halicz bridgehead, Galicia, in the angle formed by the junction of the Narayvka and Onila-Lipa rivers," says Reuters Petrograd correspondent.

"The railroad running northwest from Halicz to Jidatcheff is under the Russian fire and the enemy's communications between Halicz and Lemberg are threatened."

WORKMEN RETURN TO
PLANT UNDER GUARD

(By Associated Press.)

BAYONNE, N. J., Oct. 19.—The Standard Oil company reopened its plant this morning, several hundred men returning to work under police guard. These were not strikers, but employees forced out when the company closed its doors after the strikers and sympathizers engaged in violence resulting in loss of life.

PRICE OF BREAD WILL
GET ANOTHER BOOST

(By Associated Press.)

CHICAGO, Oct. 19.—The public will be confronted with another increase in the price of bread if wheat continues to advance, according to the predictions of leading bakers. A ten cent increase in the price of wheat sent flour up 75 cents a barrel. Bakers paid \$9.50 a barrel wholesale, the highest in 20 years.

ANOTHER ADVANCE IN
THE PRICE OF MILK

(By Associated Press.)

NEW YORK, Oct. 19.—An increase of one cent a quart retail price of milk of all grades is announced by the Borden Milk company. This is the result of an agreement settling the recent milk strike. The distributors are now paying higher prices to dairymen. The supply is again normal. Certified milk is now 16 cents a quart.

DIVER WARFARE
MAY ENDANGER
RELATIONSHIP

(By Associated Press.)

BERLIN, Oct. 19.—The Kreigszeltung, the evening edition of the Lokal Anzeiger, published a report that the British have ordered the arming of all merchantmen and says that the result will be that Germany will probably be forced to take up a sharper submarine campaign, with the consequent endangering of German-American relations.

CARRANZA IS
BEGINNING A
NEW CAMPAIGN

(By Associated Press.)

ATLANTIC CITY, N. J., Oct. 19.—Supplement assurances from General Carranza that he is beginning a new and vigorous campaign against Villa were received by his representatives on the Mexican-American joint commission. The head of the de facto Mexican government asserted all available troops would be used in the pursuit of the bandits.

The American commissioners reviewed at the joint session a carefully prepared statement of the Mexicans as to claims, as well as to conditions for restoration and maintenance of peace along the frontier. This statement also included arguments designed to show why the American troops should be withdrawn from Chihuahua.

The Mexicans insist they are capable of driving Villa and other outlaws away from the border, but the American attitude is that he must demonstrate ability to do more than that. The Americans insist that any agreement affecting the control of the border must be based upon a reasonable indication that the Mexican authorities are capable of maintaining efficient government in the interior.

The willingness of the Americans not to urge compliance with their suggestions at this time is due to a hope that General Carranza may be able to direct a successful warfare against Villa.

It was learned that the troops sent northwards yesterday were not intended for the campaign against Villa, but to relieve troops at Aguas Calientes and Zacatecas, who in turn would be sent north to Torreon to relieve others that would be sent into the hills in search of Villa.

ROYAL PRINCESS WEDS
HUMBLE APOTHECARY

(By Associated Press.)

LONDON, Oct. 19.—The Frankfurter Zeitung announces the marriage of Princess Marie Theresese of Hohenlohe to Otto Kohleisen of Innsbruck, an apothecary and descendant of an humble Austrian family. The princess nursed Kohleisen while he was in a hospital suffering from an illness contracted on the battle field.

GEORGE W. ROBB is in from Manhattan.

TEUTONIC ADVANCE IS
HALTED BY RUMANIANS

(By Associated Press.)

Apparently the Rumanians have been successful, at least temporarily, in stopping the advance of the Teutonic allies all along their border. At no point along the line does either Berlin or Vienna claim fresh successes against the Rumanians, while the Bucharest war office asserts that the troops of King Ferdinand at various points have repulsed the attacks of the Teutonic allies, inflicting heavy losses on them and capturing numbers of their officers and men.

Violent fighting is still in progress in Galicia, where on the Narayvka front the Bavarians have stormed a Russian position and captured 350 men and 12 machine guns. Berlin asserts that west of Lutsk, in Volhynia, following the repulse of the Russians, the troops of Emperor Nicholas have not returned to the fray and are merely bombarding the Teutonic positions. The repulse of Austro-German attacks in the Carpathians, where snow is now falling, is recorded by Petrograd.

Both north and south of the Somme the French troops have made fresh gains. The village of Sully-Saillies is now entirely in their hands, and the Germans have been driven from

the hills northwest and northeast. Over a front of a mile south of the river, between La Maisonnette and Blaches, the German first line defenses have been driven back by the French.

East of Thiepval gains by the British north of Guedecourt and in the region of Butte de Warlencourt are recorded by the London war office. Patrol encounters and bombardments feature the fighting in Macedonia.

In the Austro-Italian theater, the Italians are another step forward in their advance in Trentino, having broken the Austrian line between Cosmagnon and Roite and also taken a commanding position on Mount Pasubio.

Greece still remains a center of interest, as the result of the landing of allied marines at Piraeus and Athens. Fresh demonstrations of bitterness by the Greek populace against the marines have been shown and the situation still remains tense. An appeal drawn up at a meeting of Greeks at Athens has been handed to the American minister for transmission to Washington. It asks the American people "to avert the subjugation of those who desire only to remain free."

VILLA TAKES POSSESSION OF SAN ANDREAS

(By Associated Press.)

CHIHUAHUA, Oct. 19.—Villa and part of his band today took possession of the mining town of San Andreas, 25 miles to the west. Angered because the male population

failed to prevent being impressed into service, Villa burned houses and permitted his men to commit atrocities on defenseless inhabitants. A refugee reported this to General Trevino.

NO CHANGES ON
RUMANIA FRONT

(By Associated Press.)

VIENNA, Oct. 19.—The following official communication was issued last night:

"On the Hungarian-Rumanian front yesterday there was no important change. East of Kirilbaba (Carpathians) our troops repulsed several Russian attacks. On the Bystrizza at Solotvina (Galicia) there were outpost engagements. Northwest of Bolzowce, on the Narayvka, Bavarian troops mastered a strong Russian vantage point, taking two officers and 350 men and 12 machine guns. On the upper Sereth an enemy attempt was nipped in the bud.

"In Volhynia, the situation is quiet. "Italian theater: Yesterday evening considerable enemy forces attacked our positions on Monte Testa, Roite Ridge, and north of the Pasubio peak. Our brave defenders repulsed this attack singularly. At some points in the Flein valley, on the Dolomites front, and also on the Carso plateau, there are sporadic artillery actions, which sometimes become very violent.

"In the southeastern theater and in Albania there is no change in the situation."

MORE MARINES LANDED

(By Associated Press.)

ATHENS, Oct. 19.—Another detachment of French marines was landed this morning. The commander demanded use of the parliament and university buildings for barracks.

DELEGATES DEPART

(By Associated Press.)

SAN JUAN, Oct. 19.—Delegates from the Danish West Indies, proceeding to Copenhagen to urge the sale of the islands to the United States, sailed from this port for New York after a week's delay.

If you want anything ask for it through the Bonanza adlets.

COSTS MORE MONEY
TO PICK YOUR TEETH

(By Associated Press.)

SAN FRANCISCO, Oct. 19.—Even the price of toothpicks has advanced, Southern Pacific officials who buy them, said today. There formerly were a thousand pick and blade sticks in a five cent package. Now there are only 750. It is estimated that 19,000,000 are sold at San Francisco bay points every two months.

SCORES A KNOCKOUT

(Special to the Bonanza.)

KANSAS CITY, Mo., Oct. 19.—Benny Leonard, New York lightweight, scored a technical knockout in the twelfth round of his fight with Ever Hammer of Chicago here last night. Hammer's manager stopped the bout to prevent his man being punished further after Hammer had been knocked down for the count of three. The fight was to have gone fifteen rounds.

Try a small adlet in the Bonanza.
